Inno^v8 InnPoint

Introduction:

InnPoint is Innov8's comprehensive, fully featured EPOS solution. InnPoint provides seamless integration between your front end till systems, stock control and your Sage 200 solution.

InnPoint is fully configurable to operate in a wide range of retail or wholesale environments. InnPoint's core functionality provides a two-way link with Sage to deliver products, prices and sales ledger details to EPOS, and collect sales transactions from the store(s).

Its array of sophisticated features includes full stock control (with serial tracking if required) - and modern 'Chip & Pin' credit card security.

Benefits:

- o EPOS system offers integration with real time stock and Sage 200.
- o Micro-warehouse capability allows stock to be managed and provides the facility to receive and despatch goods.
- o Facility to capture photography identification for extra security with Web cam integration. Currently allows sales/purchases/12 week/Savings Clubs to be associated with a customer account against which a Web cam image can be saved. Therefore visual identification can be established instantly when an existing customer returns.
- o InnWare integration provides nightly update of stores with new stock items, new partner store addresses and roaming user lists; plus on demand updates including stock receipts and stock despatches; as well as nightly update of sales information from stores to Head Office.
- o InnStore module provides Pocket PC Suite allowing receipt of deliveries and full stock take functionality.
- o Provides full store stock control with serial tracking if required - Optional handsets, which read bar codes, simply plug into the till to download information - thereby enabling stock levels and goods receiving to be automated and continuously updated.
- o Back Till functions include direct purchasing of goods and 28 Day Purchase agreements.
- o Front Till allows sales/refunds and 12 week/Savings Club facilities.
- o InnPoint provides a two-way link with Sage 200 to deliver products, prices and sales ledger details to EPOS, and collect sales transactions from the store(s).
- o Standard package incorporates the normal 'front till' taking and recording of transactions.
- o AFD Postcode Integration provides the ability to carry out post code verification.
- o Features the latest 'Chip & Pin' credit card security technologies.
- o Full reporting capability on stock levels, stocktaking and management information.

Innov8's Inn range solutions are built with the latest technologies. the system delivers real business value through easy and safe integration with your existing accounts and back-office solutions.

Inn Range

Customers

The fast growing Cash Generator group is currently using our InnPoint solution. This means that InnPoint is currently used in every one of their 70+ franchised stores, with multiple tills per store.

Their systems have been fully tailored to encompass many unique functions of their business with features such as 'Buy Back' options and 90 day agreements, specific to their pawn broking side of the business.

Their InnPoint solution also integrates with Post Code recognition, allows them to accept multiple forms of payment (Cash / Cheque etc), offers cheque cashing functionality and will soon be working with the pre paid debit cards system.

Why Choose Innov8

Innov8 Technology Group are a one stop shop for all your IT needs. Based in England, Ireland and Scotland we are able to implement anything from a small scale finance solution to company wide infrastructure solution for your business.

Bringing together some of the most innovative product solutions as well as the most knowledgeable experts in the current market, we excel at meeting customer demands no matter how complex or customised their requirements may be.

Our determination to deliver high quality solutions with excellent support has enabled us to build a loyal customer base and a bright future, below are a number of comments from our satisfied customer base:

"Established for 19 years, the company could be said to be 'stagnant', but Innov8 technology has taken us to the forefront of our competitors, and now towards the end of our 21st year we have increased our turnover by a third."

Deb Thompson, Managing Director- Tomson Buxton

"We had struggled with inadequate IT provision in the past – then along came Innov8 to set us on the right course" – **Lynne Coakley, Catholic Children's Rescue Society**

"Innov8's wide breadth of knowledge and experience aided them in providing us with the correct solutions, tailored specifically to our business needs. The introduction of these solutions has resulted in tangible business benefits."

Mr Andrew Wall – Director – Anglo Continental Holdings LLP
